

Attention: Potential Sponsor  
From: Stockbridge Area Emergency Service Authority  
Regards: Sponsor of Camp 9-1-1

We at S.A.E.S.A. are sponsoring a Camp 9-1-1 for kids 10-13 years of age. We are looking for sponsors for this two day camp. We understand these tough economic times have made it difficult for local businesses to give money to everyone who walks in your door.

We have obtained a 1,000.00 grant from Stockbridge Area Education Foundation and our own Ambulance and Fire department are putting forth 500.00 to fund the event. We are applying for a 1,000 grant at Wal-Mart. We will still need to obtain funds and or supplies from area businesses or organizations to make this event successful.

If you are willing to give a monetary donation it would be appreciated but it would be understandable if your business is not in the position to do so at the present time. Included is also a list of supplies needed for the event. If you would like to look at the list it may be possible your business would be able to better accomodate in that way.

Any donation is tax deductible and a form will be given for your tax records. We have included a form for you to fill out in which you can list your donation. Friday June 25<sup>th</sup>, 2010 is the approximate deadline for obtaining donations for this event. With your approval we would like to contact you then to see if your able to donate to our cause.

We have included some information about camp 9-1-1 for your review.

Thank you for your time.
